Attention: Terry Shea, Sr. Manager, Safety & Quality

Subject: Approval of an MPM supplement revision

Dear Sir,

Following a review of the elements contained in the referenced MPM Supplement against the requirements of the current Agreement on Civil Aviation Safety between Canada and the EU, Transport Canada hereby confirms approval of your MPM supplement revision. This supplement approval allows for acceptance by EASA of maintenance performed on EU aeronautical products subject to compliance with CAR 573 and the EASA special conditions as detailed in the Maintenance Annex Guidance (MAG).

Heli-One Canada ULC.

EASA Part-145 Approval Reference number: EASA.145.7109 valid until February 01, 2021

You are reminded that you will be required to submit your next application for renewal in accordance with the MAG which is available on the EASA web site at <http://easa.europa.eu/rulemaking/international-cooperation-bilateral-agreements.php>

Yours truly,

Steve Kelava
Technical Team Lead- Airworthiness
Pacific Region

APPROVAL CERTIFICATE

REFERENCE EASA.145.7109

Taking into account the provisions of Article 9(2) of Regulation(EC) 1592/2002 of the European Parliament and of the Council and the Technical Arrangements for maintenance currently in force between the European Aviation Safety Agency and TCCA, the European Aviation Safety Agency (EASA) hereby certifies:

HELI-ONE CANADA INC.

TCCA AIRCRAFT MAINTENANCE ORGANISATION NUMBER: TCA AMO 82-00

4300 - 80th Street
Delta, B.C.
Canada V4K 3N3

as a Part-145 maintenance organisation approved to maintain the products listed in the TCCA Approval Certificate and associated Category Limitations Document and to issue related certificates of release to service using the above reference, subject to the following conditions:

1. The scope of the approval is limited to that specified on the TCCA Approval Certificate, and the associated category limitations documents for work carried out in Canada. (Unless otherwise agreed in a particular case by EASA).
2. This approval requires continued compliance with CAR 573 and the differences as specified in the Technical Arrangement for Maintenance, including the use of the TCCA Form 24-0078 for release/return to service of components up to and including powerplants.
3. Certificates of return to service must quote the EASA Part 145 approval reference number quoted above and the TCCA AMO number.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid for an unlimited duration until the approval is surrendered, superseded, suspended or revoked.

Date of issue: 29 January 2009

Signed

For EASA
