

S-92 EXTERNAL OPERATIONS VISUAL MONITORING UPGRADE

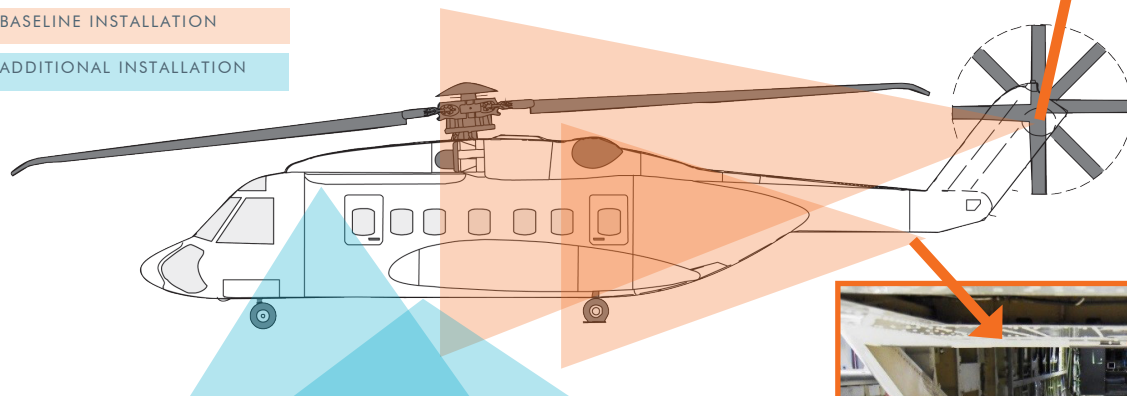

Heli-One's multi-camera upgrade for the Sikorsky S-92 enhances safety and situational awareness for airborne and ground crews. The baseline installation features two tail boom-mounted cameras that monitor the engine and cargo door operations. An optional additional two cameras focus on hoist and cargo hook operations. The camera feeds are displayed on cockpit screens with a switch to toggle between views.

BENEFITS:

- Excellent value for cost
- Enhances situational awareness and safety
- Quick and simple installation
- Camera feeds compatible with all 5 cockpit multifunction displays
- Low light visibility
- Interchangeable lenses
- Video and audio recording

BASELINE INSTALLATION

ADDITIONAL INSTALLATION

S-92 WITH CAMERA INSTALLATION FIELD OF VISION

BASELINE INSTALLATION SIMULATIONS: ENGINE VIEW (TOP), RAMP VIEW (BOTTOM)
